

Children's Online Privacy Protection Act Disclosure

The Children's Online Privacy Protection Act of 1998 ("COPPA") restricts the collection, use or disclosure of personal information from and about children under the age of 13 on the internet. We are committed to protecting the online privacy of the children who visit our website and mobile app.

In general, our website and mobile app are not directed to children under the age of 13 and we request that children under the age of 13 not provide personal information through these channels. We may, however, elect to provide contest information online for our Youth Members, which includes children under the age of 13. Youth Members who identify themselves to be under the age of 13 will not be permitted to submit any personal information online.

We may collect information on domain names, dates and times of visits, and number of page views. This information contains no personal information and will only be used to continue to improve the overall value of our website. We do not knowingly collect, use, or disclose personal information from children under 13 online without prior parental consent. Visit the Federal Trade Commission website at <https://www.ftc.gov/legal-library/browse/rules/childrens-online-privacy-protection-rule-coppa> for more information about COPPA.
